

Capability Statement

BUSINESS SUMMARY:

Ictect, Inc. specializes in developing Publications and Content Management solutions for Department of Defense and other Federal Agencies using a newly developed technology. Our solutions significantly reduce the costs of publications management, update and compliance with guidance (such as AFI33-360 or DCAAM 5025-15), while maximizing the document security and currency. With our GSA schedule GS-03F-0045Y, we also offer document processing services, including document conversion, formatting, and e-Book creation.

CAPABILITIES

- Publications Management solutions
- Content Management solutions
- Document conversion services (XML, SGML, etc.)
- Document processing services, including section 508 compliance
- ePUB and eBook creation services
- XML Conversion including S1000D, IETM, etc.
- Unstructured information management
- Knowledge worker productivity solutions

PAST AND CURRENT CLIENTS:

- **United States Air Force:** *Process public directives, policy documents, manuals and other materials - 60% cost savings*
